Events & Private Dining
Medirerranean-Japaese Fusion

OUR STORY

After travelling through the Mediterranean, our chef returned to Singapore in love with its bold flavours, simple ingredients, lively evenings and generous way of hosting. His travels in Japan had inspired him just as deeply, through umami, precision and the care given to every detail. He wanted to bring those two passions into one place, allowing each to keep its own character while creating something new together. From that came a different kind of light, NOOR was born. A place open to new flavours, new ideas and people sitting around the table, or dancing on it.
