

The image shows a dimly lit restaurant interior. In the foreground, a white marble table is set with glassware, plates, and cutlery. A small vase with red flowers sits on the table. Behind the table is a dark green velvet sofa. In the background, more tables are visible, also set for dining, with green curtains hanging behind them. The lighting is warm and intimate.

Events & Private Dining
Mediterranean-Japanese Fusion

OUR STORY

After travelling through the Mediterranean, our chef returned to Singapore in love with its bold flavours, simple ingredients, lively evenings and generous way of hosting. His travels in Japan had inspired him just as deeply, through umami, precision and the care given to every detail. He wanted to bring those two passions into one place, allowing each to keep its own character while creating something new together. From that came a different kind of light, NOOR was born. A place open to new flavours, new ideas and people sitting around the table, or dancing on it.
